

TEMPORARY CLOSURE

As per the UK Government's recent recommendations, and in order to protect the health and wellbeing of our users, we'll be temporarily closing the centre until further notice, to help mitigate the spread of COVID-19. This is an ever-changing situation, and we'll keep monitoring and adjusting our plans accordingly.

This has been a difficult decision, but our priority is the safety of our users and volunteers.

We appreciate that this may come as distressing news to many of our users. The recovery community is already responding strongly to the current difficulties - finding new, safer ways of meeting such as online and outdoor park meetings. We strongly suggest that you contact your fellowship (details below) to find out what your next best option is. We are confident that we will still be able to support each other as a community, and will look forward to opening again as soon as it is safe to do so.

The centre will not be receiving any income while it is closed, so if you feel you are able to donate any small amount to help us with rent and running costs, that would be greatly appreciated. If you have any questions or feedback, please email info@sohorecoverycentre.org
